Revised w.e.f CAT 2022

Rank List

Name of Course: **B Tech Programmes / M Sc (Five Year Integrated) in Photonics / M Sc (Five Year Integrated) in Computer Science (Artificial Intelligence & Data Science)**

Test Code: **101**

Test Details

Subjects	No. of Questions	Maximum Marks
Physics & Chemistry	100	**300**
Mathematics	100	**300**
Total	**200**	**600**

Steps

1. Multiple sessions of Test code 101 to be normalized.
2. In the Test 101, a minimum of 10 marks for Mathematics and a separate minimum of 10 marks for Physics & Chemistry combined is compulsory for being included in the rank list for **B.Tech / M.Sc (Five Year Integrated) in Photonics / M.Sc (Five Year Integrated) in Computer Science (Artificial Intelligence and Data Science).** This requirement of minimum marks, however, will not be applicable for candidates coming under Kerala Scheduled Caste and Kerala Scheduled Tribe communities
3. **In case of a tie, the following norms will be applicable (applicable to above rank lists)**
    i) The marks of Mathematics, Physics & Chemistry combined in the CAT will be considered in the same order.
    ii) If the tie continues, the total number of correct answers of Mathematics, Physics & Chemistry combined in the CAT will be considered in the same order.
    iii) If the tie continues after applying the above two conditions, date of birth of the candidates in the descending order (older to younger) will be considered.
    iv) If the tie continues after applying the above three conditions, the names of the candidates in alphabetical order will be considered.

Name of Course: **5 - Year Integrated M. Sc (Biological Sciences / Chemistry / Mathematics / Physics / Statistics)**

Test Code / Codes: **Rank list is to be prepared from normalized scores of 101 & 104**

Test Code: 101			Test Code: 104		
Subjects	**No. of Qns**	**Maximum Marks**	**Subjects**	**No. of Qns**	**Maximum Marks**
Physics & Chemistry	100	**300**	Physics & Chemistry	100	**300**
Mathematics	100	**300** (to be converted to out of 150)	Biology	70	**210** (to be converted to out of 150)
Total		**450** after the conversion	**Total**		**450** after the conversion

1. Multiple sessions of Test code 101 & 104 are to be normalized.

2. **In case of a tie, the following norms will be applicable (Only for 5 - Year Integrated M. Sc (Biological Sciences / Chemistry / Mathematics / Physics / Statistics)**

   i) Total marks obtained by the candidates in the CAT for Physics & Chemistry combined will be taken together.
   ii) If the tie continues, the total number of correct answers for Physics & Chemistry combined in the CAT will be considered.
   iii) If the tie continues after applying the above two conditions, date of birth of the candidates in the descending order (older to younger) will be considered.
   iv) If the tie continues after applying the above three conditions, the names of the candidates in alphabetical order will be considered.
